

ALEKSANDR ZYDKOV

IT & Cloud Engineer

London · +44 7860 803 046 · aleksandr@mamagayo.xyz · linkedin.com/in/aleksandr-zydkov · github.com/deadmedusa · mamagayo.xyz

IT professional with 17+ years of experience in technical support and infrastructure, transitioning into Cloud and DevOps engineering. Hands-on skills in Kubernetes, AWS, Azure, Terraform, Docker, and CI/CD, backed by certifications in AWS, Azure, Terraform, Security, Network, and Linux, and demonstrated through self-directed infrastructure projects.

WORK EXPERIENCE

Bincom · 11/2024 - Present

Volunteer System Engineer / DevOps Trainee

- Deployed Cal.com scheduling platform on an Azure Linux VM using Docker, supporting live internal traffic as part of infrastructure modernisation.
- Deployed high-availability Drupal on cloud infrastructure using Terraform, Ansible, Docker, and Kubernetes, with CI/CD pipelines and monitoring via Prometheus, Grafana, and ELK stack.
- Authored Terraform modules (4-5 resources) for infrastructure provisioning as part of an on-premises-to-AWS migration initiative, under senior engineer guidance.
- Initiated Jitsi Meet deployment on shared Azure infrastructure; identified and documented sudo access constraints, proposed resolution path to management.
- Completed Bincom Academy DevOps programme, gaining hands-on experience across automation, CI/CD, containerisation, and cloud deployment.

Content and Cloud MSP · 05/2022 - 07/2023 · Multiple UK clients

Second Line Onsite Support Engineer

- Provided 2nd line onsite support for multiple UK clients, managing BAU operations using Azure AD, Intune, Autopilot, Ivanti, and SNOW.
- Achieved average resolution time of under 30 minutes for first-line tickets.

CoopSys · 02/2022 - 03/2022

Helpdesk Support Engineer (Royal Society Contract)

- Delivered hybrid environment support (on-premise and Azure), BAU maintenance and user account management at the Royal Society.

EasyJet · 09/2019 - 11/2019

Technical Support Engineer

- Supported BAU operations at EasyJet HQ, deploying Windows 10 via Azure AD, Intune, and Autopilot.
- Tested and deployed in-house applications for flight crew using SCCM and manual installations.

Bates IT / Atos IT / Daisy Group / NHS Trust · 01/2018 - 01/2019 · Contractor

Support Engineer

- Delivered large-scale Windows 10 deployments (BBC, NHS), imaging and configuring over 8,000 devices.
- Supported deployment of EPIC EMR system in NHS hospital, assisting with hardware setup and configuration as part of paperless infrastructure rollout.
- Managed DHCP, assigned static IPs, and maintained asset tracking across multiple sites.

PokerStars / FullTilt · 04/2009 - 07/2021 (with breaks)

Technical Support Engineer

- Served as escalation point for high-priority technical issues on a SaaS gaming platform with 100M+ global users.
- Provided Tier 2 technical support, troubleshooted software/hardware issues remotely, processed account changes, and ensured rapid incident resolution.
- Supported 80+ end-users per day, ensuring timely resolution of IT incidents.

SKILLS

Cloud and DevOps:

Kubernetes (K3s), Helm, ArgoCD, Terraform, Ansible, Docker, GitHub Actions, CI/CD, AWS, Azure, IaC, OpenShift, Bash, PowerShell

Observability and Security:

Prometheus, Grafana, Loki, ELK Stack, Vault, Sealed Secrets, OPA Gatekeeper, Falco, Chaos Mesh, Velero, MinIO

IT Systems and Networking:

Azure AD, DHCP, DNS, Intune, Linux, SCCM, Veeam, Windows Server, Network Troubleshooting

Tools and Platforms:

Autopilot, AVD, Bomgar, Datto, Ivanti, ServiceNow, SNOW

PROJECTS

Cloud-Native DevOps CI/CD Platform (Kubernetes)

Production-style K3s cluster with Helm, ArgoCD GitOps, Prometheus/Grafana/Loki monitoring, Vault, and Sealed Secrets.

Kubernetes Security, Observability & Reliability

Extended the cluster with OPA Gatekeeper policy enforcement, Falco runtime threat detection, Chaos Mesh, Velero disaster recovery, and Argo Rollouts canary deployments.

Drupal Cloud Infrastructure

High-availability deployment using Terraform, Ansible, Docker, Kubernetes, and CI/CD.

CI/CD Pipeline with GitHub Actions

Automated build and deployment workflows to cloud environments.

EDUCATION

BSc (In Progress) in Computer Science

Arden University, London
Expected: 06/2027

AWS re:Start Graduate

NetCom Training, London - 01/2024

CERTIFICATIONS

- AWS Certified Cloud Practitioner
- HashiCorp Certified: Terraform Associate (HTO-100)
- Microsoft Certified: Azure Fundamentals (AZ-900)
- CompTIA Security+ (SY0-601)
- CompTIA Network+ (N10-008)
- Cisco CCENT
- Linux Essentials (LPI 010-160)
- Microsoft Certified Professional (MCP)
- MTA: Windows Server Admin Fundamentals (98-365)
- Microsoft Certified Desktop Support Technician (MCDST)
